

Dear Friends,

Greetings from The Red Carpet

When the lockdown started in Israel, we were required to stay at home. But, after a week, we already felt that something more had to be done for those we serve.

As we were talking and sharing our heart, we all felt broken for the women who are in the streets in this time of the pandemic. For them nothing changed. They are still in the streets! For the last few years hotel Gilgal provided for us the food for the girls and now it was closed as all the other hotels.

We started buying all that is needed and cook at home, baked at home, and prepared bags full of clothes, and hygienic products.

Every week we would travel with the car to the old bus station and looked for our girls, they were all there, homeless and in a great need.

It is such a joy to see them so happy to receive the bags. Here are some pictures from what they received.

Pro-Life

Many women called us in stress that they are worried that they will give birth during the lock down and we will not be able to give them the furniture for their babies.

So, we did travel a lot to make sure that none of them will be empty handed after birth. These babies will be remembered for been born in such a time as this.

Hadar

We thank God that even the renovation did continue during the Covid 19. As everything was shut down and all things stopped, every week we saw a little progress. We are now at a point of finishing the kitchen and going to buy for all furniture and items that are needed for the Red carpet.

We are so blessed by so many of you that remember us, pray and support us even when it is uncertain, Like a fog that you can't see, and not sure what will be.

God bless you all!
Anat and Ishai Brenner
